LIVING

WATERSIDE

St James
Designed for life

WELCOME TO WATERSIDE LIVING

The Waterside residences offer a tranquil perspective on the Water Gardens. With views that embrace the central stream that winds over 150 metres through an elegant landscape of traditional plants and low hanging trees. The stream cascades over waterfalls and under bridges, before tumbling into a clear, sunlit pool.

Live bright.

THE WATER GARDENS AT WHITE CITY LIVING

White City Living offers a living experience like no other. With over 2,300 new homes set in eight acres of parks and gardens, surrounded by world-class entertainment, education, culture and commerce. Adjacent to two Zone 2 Tube stations and less than 15 minutes* from the West End.

*Travel times from tfl.gov.uk/plan-a-journey from White City/Wood Lane stations. Computer generated image is indicative only and subject to change.

“The key to our masterplan is a network of gardens and water landscapes drawing on the rich history of the area. Which in turn create the perfect setting for the buildings that shape what is the residential heart of the new White City.”

Pankaj Patel, Patel Taylor Architects

A COMMITMENT TO THE FUTURE

Five Focus Areas

Over the years, The Berkeley Group has won many prestigious awards for the quality, design and sustainability of its developments. Our Vision is Berkeley's plan for the business, designed to raise standards higher still. We take our responsibilities towards our customers, the environment, the workforce and the communities in which we work very seriously. Our plan for the business has five areas of focus: Customers, Homes, Places, Operations and Our People.

Exceptional customer experience

We aim to put customers at the heart of our decisions. Dedicated Sales Teams will provide exceptional service throughout the buying process, and teams will manage the customer relationship from exchange of contracts through to completion, delivery of the new home and after occupancy.

High quality homes

When you buy a new home from Berkeley you can be safe in the knowledge that it is built to very high standards of design and quality and has low environmental impact. We meet specific space standards for new homes and aim to deliver a home which has fibre broadband infrastructure.

Great places

We seek to create beautiful, successful places characterised by the quality of their design, external spaces, transport and access to jobs and amenities. These are places where people choose to live, work and spend their time and which directly encourage people's well-being and quality of life.

Efficient & considerate operations

We reduce the impact of the construction process on the local community by registering all of our sites with the Considerate Constructors Scheme. We set targets to reduce water, energy and waste. We work with our supply chain to ensure high quality services and materials are consistently provided.

A commitment to people and safety

Safety is a high priority on all of our construction sites. We also aim to have a positive impact on society and enable young and unemployed people to get into work through our support of the Berkeley Foundation.

The Berkeley Foundation

Berkeley takes social responsibility very seriously. In 2011 we set up The Berkeley Foundation, with the aim of supporting Britain's young people and their communities.

We do this through a number of partner charities that tackle some of the most pressing social problems affecting young people today, including homelessness and unemployment. The money raised comes part from the Berkeley Group, and also through the tireless and inventive efforts of our staff.

We have set a goal for The Berkeley Foundation to invest £10 million over the next five years to support young people and their communities. Every penny will be spent on charitable activities and worthy causes to ensure that maximum benefit is achieved.

www.berkeleyfoundation.org.uk
www.berkeleygroup.co.uk

Our Vision

To be a world-class business generating long-term value by creating successful, sustainable places where people aspire to live.

Designed For Life

Buying a home is one of the most important decisions you will ever make. The qualities that make St James different mean that you can choose a new home from us with complete confidence. When you buy a home from St James you can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and that you will enjoy an exceptional customer experience.

Award winning and royally recognised

In addition to receiving numerous awards for quality, design and customer service, the Berkeley Group was granted the 2014 Queen's Award for Enterprise in Sustainable Development and in 2011 they won Britain's Most Admired Company award. These awards recognise and reward outstanding achievements in business performance.

Customer Service is our priority

We place the highest priority on customer service and will manage the whole moving process for you. Our Customer Care Teams will contact you shortly after you complete, to ensure that everything in your new home is absolutely to your liking. Our homes also benefit from a ten year warranty, the first two years of which are covered by St James.

Green living and sustainable development is top of our agenda

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods.

Computer-generated image is indicative only and subject to change.

Quality is at the heart of everything we do

At St James, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. For extra peace of mind, in addition to the 10 year warranty all new homes receive, St James operates a 2 year policy with dedicated Customer Service teams on hand 24 hours a day to deal with enquiries quickly and effectively.

Unparalleled choice of homes in the most sought after locations

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type. From city penthouses to country retreats, modern studio apartments to traditional family homes, you will find the perfect home to match your requirements. Our homes are also built in some of Britain's most desirable locations from market towns and rural villages to major towns and cities, and countryside to the coast – we build in the locations you want to live.

A commitment to creating sustainable communities

St James homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability. We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

Our commitment to sustainable living

Our homes benefit from:

- Energy-efficient design including a highly insulated building envelope (above Building Regulation requirements to save on heating costs).
- Energy-efficient appliances provided which will lower the running costs and carbon footprint of the home.
- Centralised energy centre with electricity generation to offset running costs of common areas.
- Homes designed for low water consumption to preserve water resources.
- 100% low energy lighting and sensor-activated lighting in communal areas.
- Covered cycle storage facilities provided. Santander cycles docks located nearby.
- Electric car charging points provided.
- Community plan in place to bring residents and the local community together.
